2. **ALL PARTICIPANTS** must adhere to all Rules and Regulations to participate in the parade. 5. PARADE PACE & GAP MONITORING. The logistics of producing a parade

Parades are fun for the participants and the spectators. Producing a really good parade requires that the participants have an awareness of several important factors.

1. **NO STOPPING TO PERFORM. When a parade stops, it is hard to get it restarted.**
 - Restarting a parade is difficult because all the entries bunch up and must get started again too, and there is a time lag. This is much like starting a train. It takes a lot of time to get it going again.
2. **MAINTAIN A CONSISTENT PACE. Large gaps create dead spots.**
 - a. You must maintain a gap of 30 feet or 10 metres from the entry in front of you
 - b. The gap must be monitored and adjusted throughout the parade
 - A consistent pace is required to avoid “dead spots” in a parade.
 - When an entry gets too far from the entry in front of them, the entry behind must run to close the gap. For marching bands, it is not always possible to close a gap and it remains for the entire parade so gaps must be avoided at all times.

3. NO BUNCHING UP. When entries get too close, the parade goes too fast.

- If the entry in front of you stops, you must stop immediately to maintain the gap!
- When entries bunch up, the parade goes too fast. The announcers don't have enough time to read the scripts, the spectators don't have enough time to enjoy the entries, and the participants are not fully appreciated either.

4. NO SPREADING OUT. Stay compact to avoid diluting your entry and creating a dull spot

- When entries spread out it creates a dull spot, which slows the parade and makes it too long.
- All participants must be sufficiently fit to maintain the parade pace. If your entry spreads out because there are walkers that cannot keep up, the entry behind you will hang back and create a gap.
- Walkers that cannot keep up must withdraw from the parade and watch from the sidewalk.

6. PARADE TIPS. How to make your entry memorable

Participants are encouraged to smile, wave, sing, dance, laugh and have a good time. The community will be attending to see you and engaging them makes the experience more fun for everyone.

Since you can't see your entry, we offer these tips to make your entry more visually appealing and memorable to the spectators!

- **COSTUMES & COLOUR.** Have more impact with the spectators
 - Consider a uniform look with everyone wearing the same colour or colours.
- **ACCESSORIES.** Use funny hats, sunglasses and t-shirts.
 - There are many inexpensive options available at PartyCity, the Dollar Store and online.
- **PROPS.** There are many ordinary things that can be used
 - Balloons, umbrellas, lunch kits, baby buggies, rolling luggage, lawnmowers, walkers, briefcases, vacuum cleaners, shopping carts can all be used. Have fun being creative!
- **USE HUMOUR.** It will make your entry stand out!
 - Everyone has a good time when they are laughing and you may win the Humour Award!
- **MARCHING STYLE.** Spectators love synchronized marching routines.
 - Simple mini dance routines or synchronized marching routines make you stand out.
 - Routines don't have to be lengthy. A few moments when everyone does the same thing looks great.
- **MAINTAIN LINE FORMATIONS.** They look sharp and make you stand out
 - Make a plan to walk in lines and assign someone to monitor how you look.

- **STAY IN THE CENTRE OF THE ROAD.** It is easy to wander to one side of the road
 - Use the centre line as a guide and monitor yourselves.
- **SMILE AND WAVE, REST AND REPEAT.**
 - It is fun and fulfilling for everyone when you smile and wave to the spectators.
- **ENGAGE THE SPECTATORS. Clap and the spectators will join in.**
 - If you have music, periodically clap to the music to engage the spectators.

7. PARKING.

- **ASSEMBLY PARKING:** Please park to the west of the Assembly Area. There is parking on London, Dublin & Edinburgh Streets West of 10th Street.
- **DISPERSAL PARKING:** Queens Park lot and residential street parking.
- **SHUTTLE BUSES.** Participants may be dropped off at the Registration area at 8th and 8th. Buses should then proceed to the dispersal area in Queens Park. Enter off 1st Street at 3rd Avenue. Turn right into the Bus Parking Area.

8. DISPERSAL AREA. QUEEN'S PARK

- **DO NOT STOP when you enter the Dispersal Area.** You must keep moving forward or the parade will stop and all the entries will bunch up. Please keep right so traffic can leave the park.
- Your **laminated parade number signs** and **magnetic signs (if applicable)** will be collected there.
- Water is available in front of the Arena.
- You may shuttle back to the parade start. The shuttle picks up at First Street & Emory
